

Engineering Services - Electronic Design

Buffet Style: Choose Whichever Capability You Need

Design Tools:

Altium / Cadence / Mentor

Mechanical:

SolidWorks / Pro E / Altair

Test:

LabVIEW / TestStand / Testjet

Simulation:

Hyperlynx / Microwave Office

Design for Excellence DF(x):

- SC (Supply Chain)
- DFM (Manufacturing)
- DFT (Test)
- DFA (Assembly)
- DFE (Environment)

Product Design

- Full Turn Key or Buffet
- PCB Layout
- Low Power Usage
- Long Battery Life
- Schematic Capture
- RF & Analog
- FPGA Design
- 3G / 4G / LTE
- Wi-Fi & Bluetooth
- Microprocessor
- DF(x)
- Power Supply Design
- Software & Firmware
- Apps
- Senior Design
- System Architecture

Re-Design / EOL

- EOL Components
- BOM Cost Analysis
- Improve Off Shore Design
- Feature Addition
- PCB Fixes - Embedded white wires
- Power Reduction
- Chip Set Selection
- RoHS Conversion
- Software Updates
- Thermal Analysis
- Improved Performance
- Software & Firmware
- Enclosure Changes

Test Solutions

- ICT
- Boundary Scan
- Functional Test
- Lab View
- DFT
- Test Strategy
- Tester Development
- Improved Coverage
- Flying Probe
- Test Pad Layout
- X-Rays
- AOI / SPI
- HALT / HASS
- ESS

Proto-Type

- 24 Hour Turn
- Dedicated Technicians
- Flexible Scheduling
- Quality Build with Production in mind
- Component Kitting
- Component Analysis
- Flexible Line Time
- SMT - PTH
- Second Operations
- Wave / Selective Solder
- Mechanical Assembly
- Test
